

Close U.S. 45 Between 159th St. and Lincoln Highway

The Illinois highway department closed U.S. 45 yesterday between U.S. 30, at Frankfort, and 159th St., south of Orland Park.

Thru traffic will be detoured over U.S. 30 and 159th St. to Wolf Rd. which will carry it north and south.

State engineers hope to have traffic back to normal in four or five weeks. It will depend, of course, upon the weather, they said.

U.S. 45 was closed to traffic yesterday so the pavement can be ripped out between 183d St. and the Rock Island Underpass. U.S. 45 is being moved several hundred feet west of the present route and will be carried over transcontinental highway I-80. A bridge is being built over I-80 now.

Until yesterday a gap was left in I-80 because of U.S. 45 for north and south traffic. Now it is closed, except for persons living along the route. Even so some of them will have to follow the

detour.

There are still a couple of courses of material to be laid to bring the shoulders up to the surface of the highway on some sections of I-80. The concrete is laid on the ramp at the interchange with U.S. 30 and I-80 west of Plainfield and work is being pushed on widening Lincoln Highway at that point.

It is reported that U.S. 30 will be widened between Cicero Av. and Joliet, an im-

provement that would be welcome to users of the highway which is now so narrow.

Traffic lights have been installed at U.S. 30 and 45, at Frankfort to replace the four-way stop there. The four-way stop has been quite effective in curbing collisions at the intersection, it was pointed out.

Safety people are hoping that drivers will heed the lights and stop when they are changing. It has been reported that traffic lights can

be quite dangerous when motorists try to beat them.

I-80 is scheduled to be open for traffic Dec. 9 and state highway engineers from Dist. 1, Elgin, are hopeful of meeting the deadline.

"It will be close," a spokesman said, "but if we can escape a string of bad weather we should be able to make it. We are making every effort to do so."

Crews have been working overtime on I-80 for several

weeks.

Next year, engineers said, a bridge will be constructed over the Rock Island tracks so that U.S. 45 will be carried over them and rejoin the present route in the vicinity of 191st St. This winter the diversion of U.S. 45 will bend back to make use of the Rock Island underpass. Heavy snows or rains sometimes close the underpass so when the highway is carried over the Rock Island it will be a big improvement.

Mokena Village Board Amends Ordinance That Licenses Contractors

An ordinance requiring all contractors working in Mokena to be licensed and to post a bond of \$10,000 has been amended. The amendments eliminate the payment of license fees of \$25 and \$50 provided for in the original ordinance adopted Aug. 16, and the amount of the bond is determined by the cost of the job.

The amended measure still requires that a contractor must fill out and file an application for license in which he agrees to follow the rules and regulations relating to building as required in Mokena, before starting on any work in the village.

At the same time he posts a bond with "a surety to be approved by the corporate authorities to indemnify, keep and save harmless the municipality against any loss, cost, damage, judgment or liability of any kind . . . which the municipality may suffer . . . or may be charged to . . . or recovered from the municipality or any of its officials by reason of any act or thing done or neglected to be done under . . . the authority given in such license."

Contractors with an aggregate gross amount of work in the village costing \$500 or less shall be bonded for \$1,000; if the amount of work runs between \$500 and \$2,500 the bond is \$5,000, and if the work amounts to more than \$2,500 the bond is \$10,000.

Licenses will expire July 1 of each year.

The application for license

includes a declaration by the applicant as to the value of the aggregate amount of work he expects to perform within the license period, and if he knowingly makes a declaration of less than \$5,000 and also less than the aggregate amount of work he expects to do in the village within the license period shall be grounds for non-issuance or revocation of the license.

A fine of not more than \$500 can be imposed for a

violation of the ordinance, according to the penalty clause, and each day the violation continues shall be considered a separate offense. The penalty clause also empowers the village president to revoke the contractor's license for violation of any provisions of the ordinance. This is in addition to the fine.

A copy of the ordinance will be found on another page in this edition.

L-W Drops Game To Vikings, 48 to 19

Lincoln - Way's varsity football team lost its fifth conference game last Friday against Homewood-Flossmoor, 48 to 19.

The Knights outgained the Vikings on the ground, piling up 235 yards against the visitors 147, and had 16 first downs as compared to 10 for Homewood but the H-F passing attack was too much for Lincoln-Way.

The Vikings rolled up 317 yards thru passes to the Knights 81.

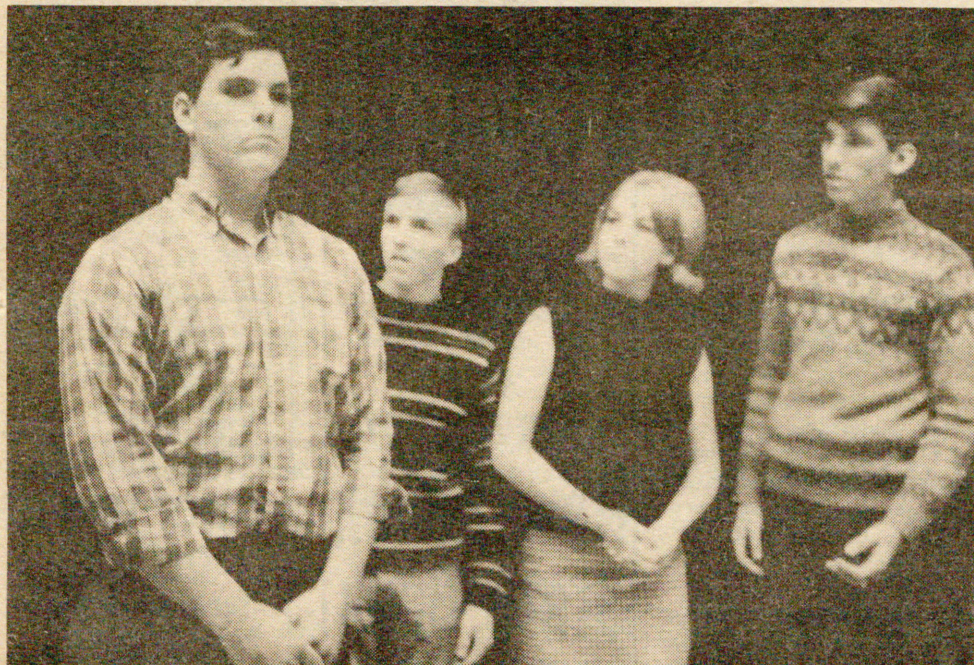

Homewood held a 20 to 6 lead at the half and then went wild in the third frame with three touchdowns and scored another in the final frame. Lincoln-Way scored seven points in the third quarter and six in the last period.

A fellow by the name of Don Detrick -- not too big, 5' 11" and weighing 165

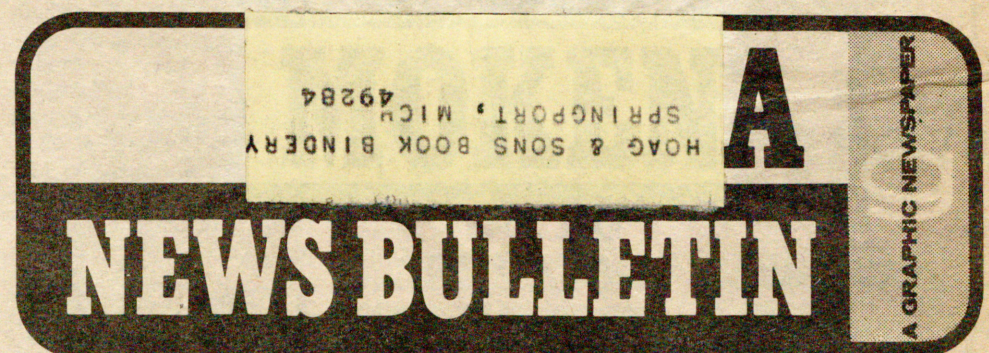

pounds -- had quite a day for himself. Detrick is the Vikings' quarterback. He scored two touchdowns himself and his passes added four more.

Lincoln - Way's Paul Fleck, who made a total of 139 yards on 19 carries, scored the Knights last touchdown midway in the final quarter. Rich Kohlbacher, who lugged the ball 11 times for 55 yards, scored the Knights first touchdown with a punt return of 57 yards. Harry Webb launched a 68-yard pass that Marty Novak carried into the end zone for a L-W touchdown.

Despite their reverses the Knights still have plenty of spirit and a will to win and are working hard this week to be up for the Homecoming contest this week end when they will take on the Mustangs of Evergreen Park.

GILBERT & SULLIVAN fans -- and there are many -- will have an opportunity to see and hear "Iolanthe" at Lincoln-Way High School Nov. 9, 10 and 11. The operetta is to be presented by the Mixed Chorus with Tom D. Olson directing the musical end and R. F. Kummer the staging. In this picture Skip Fitch, Arbary Hills, is at the left in the role of Private Willis is getting an inspection by Lord Tolloler (Dennis Penley, Mokena) Phyllis (Bobbi Jo Smith, Mokena), and Lord Mountarraret (Gordon Bruce, also of Mokena). Suggest Frankfort, N.L. Create Joint Park Dist.

For the past several years there has been talk from time to time in both Frankfort and New Lenox on the creation of park districts.

Such talk has increased in the past several months and now it has been suggested that it would be more advantageous to both communities if a consolidated district were formed to embrace all of Frankfort and New Lenox townships not now included in any park district.

According to the law, as quoted by Wayne Johnson, village attorney for New Lenox, any continuous territory having less than 500,000 population, no part of which is now included in a park district, can be organized as a park district.

The Mokena Park District takes in that portion of Frankfort Township north of U. S. Highway 30 and extends west to include a portion of New Lenox Township east of the Lincoln-Way Rd. There is also a piece of New Lenox Township in the Joliet Park District, but the rest of it and that part of Frankfort Township not in the Mokena park system could be created a park district, it was

pointed out.

Proponents of a consolidated district point out that if Frankfort and New Lenox formed separate districts each would have a limited area and the revenue from each would be inadequate whereas the larger, consolidated district would provide a much broader tax base and more revenue.

To organize a park district, it was explained is rather simple. A petition asking that such a district be formed is presented to a circuit judge. Such a petition must bear the signatures of at least 100 legal voters of the proposed district and set forth the proposed boundaries.

The judge then sets a date for a public hearing to be held in not less than 30 days nor more than 180 days after the filing of such petition. If the court finds the petition properly drawn he then sets a date for a referendum at which the people of the territory decide the question of establishing a park district.

At the same time that the proposal is voted upon, the electors will also elect five commissioners who form the

board that operates the district.

Candidates for the park board must file nominating petitions with the county clerk. A petition must bear at least 25 signatures of legal voters of the territory and be filed not less than 15 days prior to the date of election.

A park district is a separate taxing body and has authority to levy taxes and issue bonds.

The Village of Frankfort owns the Community Park there. There is also a playground area there that could be included in a park district. The Village of New Lenox can have the Lions Den and the adjacent play area, now owned by the New Lenox Lions and the village there could arrange to have the land where the skating rink is located taken over by the park district, it was said.

As yet there has been no move to form a joint committee from the two townships to study the suggestion of a consolidated park district but it is expected such a move will be made.

Interior Design Corner ... COLOR: WHAT WHY & WHERE

The one factor most responsible
for success in interior decorating
is color. Color, properly selected
and distributed, can work wonders
in a "problem room". Color can
also create atmosphere and char-
acter.

The difficulty most people have
with color is that they tend to use
too many colors in one room. How many times have
you entered a room to find yourself actually hunting
for color balance and harmony? A successfully deco-
rated room will convey a definite color impression
at first glance. This room, you will find, is primarily
of one distinct family of color. Accent colors com-
pliment the total room and how they are used will
depend on room size, brightness and the mood or
atmosphere you want to create. These accents do not
change the impression of color harmony, if care has
been taken to avoid their dominating the setting.

Some people feel they will tire of a room with
one dominating family of color. Our only answer to
this is that they will tire much more quickly of a
room lacking in color order and balance.

There is no reason why everyone should not
have a handsome room he can enjoy without reser-
vations. It costs no more to plan your colors properly,
after all, since fabrics and furniture are not priced
according to color.

We will be pleased to answer your questions
on ways to make your home more attractive. You can
be sure the answers will hinge to a great degree on
color selection, balance and application.

This planning service is yours at no additional
cost. All you pay for are the items you buy.

This party is for members
and their families only.
Please contact Vicki Sumner

how many children you are
bringing and or whatever
else is needed. Refresh-
ments will be served.

If the children of the com-
munity do not want the bus
shelters for bad weather
protection anymore we will
remove them. I have per-
sonally asked the children to
not destroy them however
this willful destruction of
community property still
persists and if it continues
I will remove them.

Little Jimmie Quinlan, son
of Mr. & Mrs. James Quinlan
of Pleasant Ave. had his 5th
birthday party recently with
14 children and 6 adults
present. They played games
and had ice cream and cake
and everyone had a wonder-
ful time.

Mr. & Mrs. Daryll Gunn
of Ethyl Lane became the
proud parents of a baby boy,
Steven Richard. He was born
Oct. 16 at Silver Cross Hos-
pital, Joliet and weighed
7-1/2 lbs. Both mother and
son are doing fine.

To those of you who have
missed my story these past
few weeks I wish to offer my
apology however I have been
so busy working I really have
not had time to even go to bed
many of these days lately. I
would sincerely appreciate
any and all help that would
ensure my having a story
ready for the paper in time
in the future. If you are in-
terested please contact me.

For those of you who have
not seen the Burro's of Mo-
kena play football I would
say you are missing the
greatest thrill of a lifetime
as these little guys show you
the intricacies of pro foot-
ball on a midget basis. As
an example we will take the
Pee-Wees who are being
coached by Richard Mansell
of Arbury Hills. Knute
Rockne, the Old Mentor of
Notre Dame Fame would turn
over in his grave, if he could
see kids the size and age of
these kids playing the brand

of football that they are play-
ing because even in the days
when he was the greatest
coach he did not have the
control and discipline and
willingness of the team as a
whole that Dick Mansell has
and also to see these kids go
from the huddle to the line
of scrimmage to signal call-
ing and then to completion
of the play is terrific.

Open Letter from the HIRSCHS'

Dear friends,

When death occurs in a family, prompt notice should be given to any religious, military, or fraternal organizations to which the deceased may have belonged. They often provide impressive commemorative rites to honor the good services of the deceased during his lifetime.

Such organizations often provide cash death benefits, similar to V.A. and Social Security, which may be lost if not applied for within a specified time.

Respectfully,

The First Nighters will hold their November meeting at the home of Mrs. Mary Bucher on Beechnut Drive on Thursday evening, Nov. 2, beginning at 8:00 p.m.

The annual Beautification Dance, sponsored by the Arbury Hills Civic Association, was a huge success at the V.F.W. Hall in Mokena last Saturday evening. There were some one hundred fifty people attending.

There was a toy demonstration party held at the home of Mrs. Frank Louis last week which was well

attended. Always did like shopping for Christmas while comfortably seated.

There is more trouble again with children getting into mail boxes. Mothers, please keep track of the whereabouts of your youngster. Tampering with a mail box is illegal. If your youngster is caught tampering with a mail box other than his own, he is liable to be reported to the post office.

The eighth grade class has been very successful with their sale of candy to help defray the cost of their graduation trip to Springfield in the late spring. They will also be selling Christmas centerpieces during the open house meeting of the Summit Hill Parent-Teacher Group at the school.

Orland Grade School Dist. Plan Program

The board of education of Orland Grade School District 135 has set Nov. 4 as the date for a referendum to provide means for a building program that would extend over the next five years.

The board is asking approval of a \$900,000 bond issue and rent payments to the Illinois State Building Commission of \$40,000 a year to pay off the state's share of the project.

Harry Kaper, spokesman for the board of education, reviewed the growth of the district. Nine years ago, 1958, the enrollment was 258. Now the school population is 1,520. The average increase for the past three years has been 108 students per year.

The junior high school, now under construction, will only partially relieve present overcrowding, he said.

The Nov. 4 referendum would provide for four building projects over the next five years, the first of which would be an 8-room addition to the Orland Center building. It is the board's hope that this can be completed by the fall of 1968. The other three projects will provide more classrooms, as needed.

Auction

John Konicek, DuPage Township, was the buyer of the two 160-acre farms in the Helen McKeon estate which were sold at public auction last Saturday.

Bids were taken on each farm separately and then together. Top bid on one place was \$770 and the top price offered for the other was \$570 an acre, which gave an average of \$670 an acre for the two farms. Konicek's bid was \$675 so he became the buyer. The total price was \$216,000.

There are a few minor bequests but the residue of the estate, which is expected to run to about \$200,000 goes to the Third Order of St. Francis of Mary Immaculate, a religious order that operates St. Francis Academy, the College of St. Francis, and the Our Lady of Angels retirement home at Joliet. Half of it is for the retirement home and half for scholarships for needy students.

Dorothy Montgomery, executor of the estate, is represented by Attorney William Penn. The nuns are represented by the law firm of Herschbach, Tracy, Johnson & Wojtak. One of the farms was two miles south of Laraway Rd. on Cedar Rd., and the other two miles south of Laraway Rd. and two miles east of Cedar Rd., Manhattan Township.

The building committee is headed by Lloyd Lingstrom as chairman. The other two members are Amos Bruns and John E. Francis. The addition will include 900 square feet of floor space and join the present building on the west.

A driveway from the new

This long range plan was developed by the board after analyzing a report compiled by Russell Cox, finance committee chairman. Cox emphasized that money from the bond issue would be spent on construction as it is needed and as it becomes available from the sale of bonds and from the state building commission.

He pointed out that the district saves 27% in interest costs by building with these interest-free state funds. To avail itself of these funds the district must exhaust its bonding power and the \$900,000 issue would accomplish that. At the same time, if the district is to obtain state funds, the voters must approve the proposal to repay the state like rent. There is no interest charge.

Supt. Norbert Jerling said that members of the board have been meeting with various community and civic groups to provide them with accurate information concerning the district's needs. If any group or organization wishes to discuss the coming referendum with the board a meeting can be set up by calling the Administration Office, 349-0330.

Mother, Child Die Within Past 4 Weeks

For the second time in the past month tragedy has struck the Robert Schmidt household at Richton Park.

Three weeks ago an infant son, Darle, 8 months old, died of a heart ailment and was buried in Maplewood Cemetery, New Lenox.

On Oct. 17, his mother, Donna Deadmore Schmidt, died at Billings Hospital and last Friday she was laid to rest beside her child. Mrs. Schmidt had been ill since July.

She was 31 years old and the daughter of Mr. and Mrs. Lew Deadmore, formerly of New Lenox. Mrs. Deadmore, the former Edna McDonald was manager of the Illinois Bell Telephone Co. office at New Lenox for many years until she and her husband moved to Blue Island in 1929. Mrs. Deadmore died in 1961.

Mrs. Schmidt is survived by her husband, Robert, a son, David L., 4 years old; her father and a brother, Daniel, the latter a resident of Cleveland, O. She was a niece of Mrs. Clida Deadmore of Mokena.

The Rev. Adolph Ulrich, pastor of Immanuel Lutheran Church, Sauk Trail, officiated at the funeral services.

To Enlarge Station

The New Lenox Fire Protection District is buying a new truck and will take bids soon on an addition to the engine house on Church St.

The building committee is headed by Lloyd Lingstrom as chairman. The other two members are Amos Bruns and John E. Francis. The addition will include 900 square feet of floor space and join the present building on the west.

A driveway from the new

addition will give equipment housed there direct outlet to Lincoln Highway. The other exit is the present one -- on Church St.

The new truck has been ordered from the John Bean Co., from whom the district purchased a pumper several years ago. The new piece of apparatus has four-wheel drive so it can travel in any kind of going found in the area. It is also a pumper and carried a limited amount of water.

Halloween Pranks OK - Vandalism Out

Witches and ghosts come into their own next Tuesday night. Tricks or treat brigands will make their door-to-door campaigns and several costume parades and parties are planned to commemorate the Halloween season.

The tricks or treat demands of the young fry carry official approval of the Law, as represented by the po-

lice departments of the area, and pranks that do not cause injury or property damage will be regarded with a tolerant eye BUT vandalism is out.

New Lenox, Frankfort, Mokena and Orland Park will have special patrols on duty in addition to regular police to serve as a restraining influence.

The Orland Youth Association is sponsoring a parade Monday night, Oct. 30, in which participants will vie for prizes. The youngsters are to form at the Orland Shopping Plaza at 7 o'clock and parade along 143d St. to the school where they will have a party. Prizes will be given out and refreshments served.

festivities. Prizes will be awarded for costumes in various categories.

Hours for tricks or treat forays will be from 3 to 8 at Mokena; 4 to 8 at New Lenox and Orland Park, and 4:30 to 8 at Frankfort, on Tuesday, Oct. 31, only.

Methodist Youth Fellowship members at Orland Park will utilize the trick or treat time to collect for UNICEF, as will a group at Mokena.

At New Lenox and Mokena there will be Halloween parades for children on Tuesday night. Each is scheduled for 7 o'clock. The New Lenox affair is sponsored by the Association of Commerce; at Mokena the Volunteer Fire Department is in charge of

Frankfort School To Hold Fun-Fair

Tomorrow night will be "the Big One" at Frankfort grade School.

Friday, Oct. 27, is the date for the annual Fun and Fair Night. Since it is always held preceding Halloween the festivities begin with a costume contest for youngsters from kindergarten thru the eighth grade. Following the costume com-

petition the Fair begins.

Included in this part of the program will be the cake walk, bakegood sale, basketball throw, witch's brew, fish pond, movies, darts, ball toss and other games.

Doors to the gymnasium open at 7 o'clock so the various exhibits on display can be seen before the other activities begin.

SUPPORT YOUR BOY'S

Permanent-press? Keep it in shape with the gentle, radiant heat of a modern electric dryer.

Fabulous fabrics. Wash-and-wear. Permanent-press. That's the way styles shape up today.

But if you're going to wear the latest, shouldn't you have the most modern kind of clothes-dryer, too? One that's equipped to handle even the newest wrinkle in fashion?

You bet. And that one's the electric dryer.

Electric dryers surround clothes with gentle, radiant heat—the same kind you

get from the sun. Except that *you* control it, to get the amount of heat you need. No hot spots, no harsh overdrying, no fumes, no grayed whites or faded colors.

Best of all, electric dryers are designed to dry at the temperature manufacturers recommend for best results with wash-and-wear and permanent-press.

So whatever shape your laundry's in, keep it that way—electrically.
